

# Kaylee Eliza

---

## SKILLS

I Have Been modeling since August, 2019. I have worked with many local photographers and published in several magazines. I have worked with FUN.com, been on live TV with Twin Cities Live, and worked with companies on branding and brand ambassador programs, as well as many other experiences. Currently working to expand my acting experience, but I do have training.

I have danced for the majority of my life. My training includes several years of competitive dance, many intensives and workshops, as well as 2 summers training with Joffrey Ballet School. I am well versed in many styles from ballet to hip hop and many more.
